

# Mustang-T100-T5

Computing Accelerator Card with 5 x Google Coral edge TPU, PCIe Gen2 x4 interface

## Features

- » 5 x Google Edge TPU ML accelerator
- » 20 TOPS peak performance (int8)
- » Host interface PCIe Gen2 x 4
- » Low-profile PCIe form factor
- » Support Multiple card
- » Approximate 15W
- » RoHS compliants

## Specifications

|                             |                                 |
|-----------------------------|---------------------------------|
| Form Factor                 |                                 |
| Form Factor                 | Low-profile PCIe card           |
| System                      |                                 |
| CPU                         | 5 x Google Coral Edge TPU       |
| Cooling method / System Fan | Active Fan                      |
| Physical Characteristics    |                                 |
| Dimensions (LxWxH) (mm)     | 167.64 (L) x 64.41 (W) x 18 (H) |
| Environment                 |                                 |
| Operating Temperature       | -20°C ~ 55°C                    |
| Humidity                    | 5% ~ 90% RH, Non-condensing     |
| Certifications              |                                 |
| Safety & EMC                | RoHS                            |

## Ordering Information

|                     |   |
|---------------------|---|
| Mustang-T100-T5-R10 | Computing Accelerator Card with 5 x Google Coral edge TPU, PCIe gen2 x4 interface, RoHS |
|---------------------|---|

## Packing List

|                         |         |
|-------------------------|---------|
| 1 x Full height bracket | 1 x QIG |
|-------------------------|---------|
